## **DETAILED ACTION**

## Reasons for Allowance

1. The following is an examiner's statement of reasons for allowance: As to claim 1, no prior art uncovered anticipates or renders obvious applicant(s) claimed voltage booster including K output groups, of Mi capacitors C of like value each in series, with i = 1,2,...K and Mi=(K+l)-i, the electrode of the capacitors of one of the two ends of the output groups being connected to the output terminal C, at least the electrode of the capacitors of each of the other ends of the output groups being connected respectively to the connection point between two pairs of consecutive switches Pi-1 and Pi; in that the switches of these other K additional pairs are controlled so as to form, when the switch SB of the pair P0 linked to the terminal B is switched to the on state for a time Ton, a first capacitor network connected on the one hand across the switch SB to the terminal B and, on the other hand, to the terminal C, comprising the groups of input capacitors in series with the groups of the output capacitors such that a group of input capacitors Gini is in series with its respective group of output capacitors Gouti, and in that when the switch SB of the pair P0 linked to the input terminal B is switched to the isolated state for a time Toff these other K pairs of switches form a second capacitor network connected to the terminal A across the input inductor Lin comprising the input group GinK in parallel with the output group Gout1, in parallel with groups of input capacitors in series with groups of the output capacitors such that a group of input capacitors Gini.1 is situated in series with a group of output capacitors Gouti.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Allowable Subject Matter

Application/Control Number: 10/574,503

Art Unit: 2838

1. Claims 1-13 are allowable over the prior art of record.

## Conclusion

Any inquiry from other than the applicant/attorney of record concerning this communication or earlier communications from the Examiner should be directed to the Patent Electronic Business Center (EBC) at 1.866.217.9197. Any inquiry from a member of the press concerning this communication or earlier communications from the Examiner or the application should be directed to the Office of Public Affairs at 703.305.8341. Any inquiry from the applicant or an attorney of record concerning this communication or earlier communications from the Examiner should be directed to Examiner Riley whose telephone number is 571.272.2083. The Examiner can normally be reached Monday through Thursday from 7:30-6:00 p.m. Eastern Standard Time. The Examiner's Supervisor is Karl Easthom who can be reached at 571.272.1989. Any inquiry about a case's location, retrieval of a case, or receipt of an amendment into a case or information regarding sent correspondence to a case should be directed to 2800's Customer Service Center at 571.272.2815. Any papers to be sent by fax MUST BE sent to fax number 703.872.9306. Any inquiry of a general nature of this application should be directed to the Group receptionist whose telephone number is 571.272.2800. Status information of cases may be found at <a href="http://pair-direct.uspto.gov">http://pair-direct.uspto.gov</a> wherein unpublished application information is found through private PAIR and published application information is found through public PAIR. Further help on using the PAIR system is available at 1.866.217.9197 (Electronic Business Center).
